

# **Mobile Cook Trailer**

## **Disaster Recovery**

### **Abbeville Rotary Club**

#### **Description**

20-foot trailer with tow weight of ~9,000 lbs., with a 2" ball hitch, which requires a ¾ Ton truck to haul long distances; for short distance moves it is possible to use a ½ ton truck with 4-wheel drive. Trailer is equipped with:

One large propane gas grill - 8' wide and 24" deep with smoke flue. With a dedicated 40 lb. propane gas tank

Two 6-gallon oil fry baskets

One crawfish water boiling rig – 18-gallon capacity

Two 2-foot grilling flat plates that can be used in lieu of the oil fry baskets

One dedicated 40 lb. Propane gas tank supplies fry baskets or grilling flat plates and the boiling rig

60" W x 18" D two level aluminum preparing table with 1 sink and 10-gallon freshwater tank with 12-volt battery operated pump

Inside trailer illumination lighting and 2 electric fans. Requires external 110-volt connection from generator or building power source.

Two 30" W x 12" D storage cabinets

2 side dropdown steps and tailgate dropdown ramp for access to trailer.
